Peter Hong

Sr. Analyst, Supplier Quality and Development Global Operations Supplier Quality Special Process Engineering Team

December 22, 2022

Aerocraft Heat Treating Inc. 15701 Minnesota Ave, Paramount, CA 90723

Supplier Number: 2515

Attention: Randy Gualajara

mailto: randy.gualajara@precastcorp.com

Subject: Collins Aerospace Approved Special Process Re-accreditation

Dear Mr. Randy Gualajara,

Collins Aerospace is pleased to inform you that your facility has recently been re-accredited to perform certain manufacturing special processes in accordance with applicable process specifications based on our Nadcap review. This accreditation status is extended until your next onsite audit or Nadcap review, which is scheduled for **December 30, 2025.** Please note your current process approvals are listed in the attached Report 70. The approvals are valid for Hamilton Sundstrand product.

Please be aware that Collins Aerospace continues to recognize the benefit and value of Nadcap, the aerospace industry managed accreditation program. The benefit of being Nadcap accredited allows Hamilton Sundstrand to grant approval without the need for an onsite survey.

As such, we rely heavily on the integrity with which your system is implemented. Your effort and responsiveness to the importance of providing goods or services on schedule, at a competitive price, and compliant to our quality requirements are essential to the maintenance of your accreditation status and our combined competitive position.

Our sincere congratulations are extended to you and your personnel and our expectations are for your continued success.

Peter Hong
